The Creolization Reader captures all these meanings. Attention to the 'creolizing world' has enormous potential as a suggestive way of describing our complex world and the diverse societies in which we all now live. Areas covered include Latin America, the Indian Ocean, the Caribbean, West, South and East Africa, the Pacific and the USA. Our authors provide an authoritative review, conspectus and critique of many aspects of creolization. This book is divided into five main sections covering the following key topics: / concepts and Theories / the Creolized World / popular Culture / kindred Concepts / the Creolizing World Each section begins with a brief introduction summarizing the key arguments of the contributors, while the editors provide a provocative and comprehensive introduction to the debates provoked by creolization theory.
