By Debra E Gerald, William J Hussar

Bibliogov, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This report, 31st in a series begun in 1964, provides revisions of projections shown in Projections of Education Statistics to 2011 and includes statistics on elementary and secondary schools and degree-granting institutions. Included are projections of enrollments and graduates to the year 2012. Projections of teachers and expenditures are not included in this edition, but they are available in Projections of Education Statistics to 2011. This report also contains projections of public elementary and secondary school enrollment and public high school graduates to the year 2012 at the state level. These projections have been produced by the National Center for Education Statistics, but they are not intended to supplant detailed projections prepared in individual states. The report contains a methodology section describing models and assumptions used to develop the national and state projections. The enrollment models use data and population estimates and projections from the National Center for Education Statistics and the U.S. Census Bureau. Population projections are not based on the 200 Census data, which have not yet been released. Most of the projections of education...
