Artist and animal-lover Charley Harper (American, 19222007)
was raised on a farm in West Virginia. Charley developed a
unique artistic style. Instead of trying to capture every small
detail of his wild subjects, he would simplify each animal down
to its most basic elements. Rather than drawing every feather on
a bird, for example, he would just draw bold, colorful shapes for
the wings, body, beak, and tail. And he always highlighted each
animals most familiar features the big bill of a pelican, for
example, or the masked face of a raccoon. The 67 animals in
this sticker book all come from Charleys painting Tree of Life
(shown inside the front cover), which depicts 102 different plants
and animals; Charley wanted to show us the amazing variety in
nature and how all living things are dependent upon each other.
Perhaps these stickers will inspire you to learn more about the
animal world.
