THE MORALLY DIVIDED BODY: ETHICAL DISAGREEMENT AND THE DISUNITY OF THE CHURCH

Wipf Stock Publishers, United States, 2012. Paperback. Book Condition: New. 226 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Synopsis: At the same time as Catholic and evangelical Christians have increasingly come to agree on issues that divided them during the sixteenth-century reformations, they seem increasingly to disagree on issues of contemporary morality and ethics. Do such arguments doom the prospects for realistic full communion between Catholics and evangelicals? Or are such disagreements a new opportunity for Catholics and evangelicals to convert together to the triune God's word and work on the communion of saints for the world? Or should our hope be different than simple pessimism or optimism? In this volume, eight authors address different aspects of these questions, hoping to move Christians a small step further toward the visible unity of the church. Endorsements: Christians are often divided by the justification of homosexuality or some other controversial moral issue rather than the doctrine of justification. This excellent collection of essays helps us think through the ways in which moral differences have reshaped the ecumenical task. --R. R. Reno, Creighton University This book identifies the chief cause of internal strife and division afflicting most mainline Protestant denominations. Separating faith from works is an old heresy that always breeds schism. The authors are leading theologians of their respective traditions who write from a wealth of experience in church service and with profound knowledge of classical Christianity. Anyone engaged in ecumenical dialogues and the quest for Christian unity needs to read and heed the message of this book. --Carl E. Braaten, Lutheran School of Theology at Chicago It is a historical fact that moral disagreement has divided the church. This is not possible unless certain kinds of moral disagreements are, in fact, doctrinal disagreements
