Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Speed Reading. Quadruple Your Reading Speed in an Afternoon It is an unfortunate truth that our society still has a very conservative view when it comes to learning and education. Most of us think that reading slowly and carefully will help a learner absorb information at a fast rate. However, recent studies show that this is not true. The human brain is capable of processing information at a very high speed. However, reading slowly and carefully does not maximize the high-speed capacity of the human brain. The important thing now is to learn how to increase your reading speed in order to match your brain capacity. Imagine all the information you can absorb if only you know how to read faster! This book will help you quadruple your reading speed in an afternoon through proven speed reading techniques. Many of us take reading for granted, but it is actually a skill that we use every day. If you really want to be a productive and efficient at work, you must unlearn your old reading ways in order to truly improve both your reading and comprehension skills. Also with Two complete Bonus chapters with information you can use right away and Now! Download this Bestseller Now!! Learning how to speed read in order to quadruple your reading skills is not as heard as it sounds. Mostly, it starts with developing the proper mindset that is needed in order to prepare the brain for such task. In order to truly improve your reading skills, you need to understand theories and proven techniques that can help you increase your speed. More importantly, you must unlearn old habits which prevent you from...
